The evil of Piccolo

"Hah hah ha!" Said Piccolo as he stood on Goku's corpse, "GOKU!" Krillin yelled in rage as he and the other z fighters attacked Piccolo. Yamcha punched Piccolo making him fall to the ground, then Tien did a tri beam damaging Piccolo and putting him in a hole. Krillin who had been charging a kamehameha fired it along with Yamcha who also charged a Kamehameha. _"I have to do something or else I'll die!" _Thought Piccolo after the blast was done there was no sign of Piccolo no one could sense his ki and Kami started fading away, but then 3 ki blasts came up from the ground and stabbed Tien, Krillin and Yamcha.

Kami stopped fading away then Piccolo came out of the ground and ate a sensu bean which he stole from Yamcha's pocket now he was back at full power! "How did you survive?" said Tien "I cheated death!"said Piccolo

"I have to do something or else I'll die!" Thought Piccolo then he had an idea he used the multiform technique to clone himself into 50 of himself most of the clones died but the ones that lived fused and Piccolo suppressed his ki to a really low level which was easy for him to do since he was so weak at the moment _"Now what can I do?"_ Thought Piccolo he used his ki sense to see that Yamcha, Tien, and Krillin were almost out of ki but Kami was stronger than him because most of his power died in the blast then he had and idea.

><p>"Oh no they'll die soon!" Said ChiChi "Me and my father have been working on a healing chamber I have it with me but I have to get them and I can't do it when Piccolo is right next to them." Said Bulma "This is all because of me I was the one who caused Piccolo now I'll end him!" "You're not strong enough to defeat Piccolo so how can you kill him?" said Master Roshi "Me and Piccolo are the same if I kill myself then Piccolo will die." "But you created the dragon balls so if you die won't they dissapear?" Said Bulma "Yes they will but I have a plan for that." He then spit out an egg "Take this egg to Mr. Popo you probably don't know who he is but Korin will tell you." "Tell him that I have died and the child in the egg will be the new god of earth also tell him to teach this child how to make a new set if dragon balls." "Master Roshi will you kill me." said Kami ChiChi, Bulma, and the announcer all looked away as Master Roshi used a Kamahameha and blasted Kami's head.<p>

Bulma then put Yamcha, Krillin, and Tien in the healing chamber. ChiChi left crying because her husband died. Bulma went back to capsule corp with Roshi after a while the healing chamber healed Tien, Krillin, and Yamcha. Bulma told them all what happened and what Kami said.

Krillin, Yamcha and Tien were flying up to Korin tower they asked Korin who Mr. Popo was and where he lived so after that they flew up to the lookout and gave Mr. Popo the egg and told him everything Mr. Popo was sad that Kami died "I will go in the hyperbolic time chamber for 2 days to train this child to be the god of earth." The guys wondered what the hyperbolic time chamber was but they didn't ask

"Where am I?" said Goku "You're in the line to be checked by King Yemma you died a few seconds ago." said an one of King Yemma's minions "Oh that means Piccolo won I guess." After waiting for some time in line Goku saw Kami "Kami you're dead also!" "But that means Piccolo died too so who beat him?" said Goku
>"I had Master Roshi kill me to stop Piccolo." Said Kami "So what happens to us now?" Said Goku "Piccolo will go to hell where his soul will be purified and he'll be reincarnated into a new lifeform." "I'll go to heaven." "You can chose to go to heaven or King Kai's planet to train." Said Kami "I wana train!" Said Goku<p>

Eventually Goku and Kami made it to King Yemma "You're a shoe in for heaven why do you want to risk it all and go to snake way?" King Yemma said "Kami told me how strong that guy is and I wana become stronger." Goku said "Are you sure snake way is as long as a galaxy." Said King Yemma "A GALAXY?!" "Wow that just makes me want to train there even more!" Said Goku "You're a weird one, alright I'll let you train at King Kai's planet." Said King Yemma "Yes!" Said Goku

><p>After Tien, Yamcha, and Krillin left Mr. Popo took the egg and put it on the table. "It should hatch soon." Thought Mr. Popo. Mr. Popo was thinking of a name for the child in the egg when the egg hatched. "Who am I? Where am I?" asked the child "Your name is Tarou. You are going to be the next god of earth." Said Mr. Popo

"I don't think I can be the next god of earth." said Tarou "I'm going to train you so you can be the next god of earth." Said Mr. Popo "But first I need to get you some clothes." Mr. Popo got some clothes that looked like Kami's clothes just a bit smaller.

After Tarou put on his clothes he and Mr. Popo went in the hyperbolic time chamber where they both fell to the ground "That's the bad thing about this place the gravity is 10x stronger than earth." Mr. Popo said "So what do we do now?" Tarou said "We can't train yet we have to let our bodies adjust to the gravity."

After 6 months Mr. Popo and Tarou began training.

><p>After 2 days Mr. Popo and Tarou left the hyperbolic time chamber. They were much stronger and Tarou was a lot taller. "Alright Tarou are you ready to be the god of earth?" Mr. Popo said "I still don't think I'm just the type of person that would be a good god of earth." said Tarou "You'll be fine." said Mr. Popo<p>

Tarou then started to make a new set of dragon balls "Should I change the rules of the dragon balls or just keep them the same." asked Tarou "You should make the dragon stronger we might need it if someone like Piccolo shows up again." said Mr. Popo

So a year passed an Tarou made a new set of dragon balls he then asked Mr. Popo to go and collect them "Come out shenron!" said Mr. Popo **"I will grant you three wishes any wishes you want." **"Bring the one known as Son Goku back to life!" Tarou yelled

><p>Afterlife

"Goku before you leave there is something I must tell you." King Kai said "What is it?" Goku asked "Goku you are not a human, you are of an alien race called the sayians. The sayians are a very strong warrior race they can master techniques faster than other races, they also have a transformation where when they look at the moon they transform into a giant monster!" said King Kai

Goku had a look of shock on his face_ "So I was the monster who killed grandpa." _Thought Goku. Now Goku was mad why was he been born as a sayian! If he was he human his grandpa would have never died! The planet started shaking and the ground around Goku started to crack "Goku calm down! You might blow up the planet!" Yelled King Kai

After Goku had calmed down he asked a question "You said I was an alien but why was I on earth?" Goku asked "I was getting to that part before almost you blew up the planet." "The sayians send babies to planets in space pods that program their mind so when they grow up they'll kill all life on the planet so it can be sold off."

This just made Goku even madder but he stopped before he blew up the planet. After that Goku left.

><p>Eventually everything went back to normal. There was a funereal for Kami. After that Goku looked for Chichi after some time Goku found Chichi and they got married and had a child named Gohan. Goku got Gohan's tail cut off so he didn't kill Chichi like Goku had done with his grandpa. Chichi after seeing Goku's death let Gohan train. So Gohan was practicing flying when he then fell. "DADDY HELP ME!"<p>

Goku caught him with nimbus and told him not to go so high when flying. After that Goku and Gohan went to Kame house to meet Goku's old friends "Goku who's the kid are you baby sitting or something?" asked Krillin "Nope he's my son." Goku said everyone was shocked but then everyone sensed a strong evil ki coming to where they were.

"Hello my name is Radditz do any of you know a person named Kakarot?"
